

MailUp Quick Start Guide

Welcome to MailUp!

Thanks for choosing MailUp. We just recently launched our completely redesigned MailUp 9, and this documentation is gradually being updated to reflect all of the new features and user interfaces that are part of MailUp 9. Please bear with us while we update everything 😊

In this Quick Start Guide, we'll go over a few, frequently used features that can help you get up and running quickly. We will cover them briefly, and then link to the MailUp [User Guide](#) for more details.

All right, to get started:

- [Sign up for a free trial](#) if you haven't already done so
- [Log into your account](#)
- Launch the MailUp control panel

Your MailUp account

To access your [MailUp account](#), use the credentials that you received in the MailUp Free Trial confirmation message. If you did not receive that message, make sure that you confirmed your intention to use MailUp by clicking on the link contained in the MailUp Free Trial activation message.
