

WebService MailupReport

Overview

The service is available at:

<https://wsvc.ss.mailup.it/MailupReport.asmx>
<http://services.mailupnet.it/mailupreport.asmx>

The corresponding WSDL is available at:

<https://wsvc.ss.mailup.it/MailupReport.asmx?WSDL>

The WebService is accessible using the SOAP protocol.

Authentication

Login and logout can be performed as specified for the [MailUpSend](#) service.

Note: the **accessKey** returned by the [LoginFromId](#) method in the [MailUpSend](#) Web Service can also be used for the [MailUpReport](#) and [MailUpManage](#) Web Services.

Retrieving Message Statistics

See how to [obtain statistics on a specific message](#).
