

CRM Integrations

Customer relationship management (CRM) systems can greatly benefit from the integration with a full-featured email and text messaging system like MailUp.

Supported CRM systems

- [Salesforce](#)

Other CRM Systems

MailUp can be integrated into another application by using the [MailUp API](#).

If you are interested in integrating MailUp with a CRM system (e.g. because a client of yours requested it), please contact us as there may be ways for us to support your efforts.
